

Class of 2027 Scheduling Instructions

1. Log into your Powerschool account <https://powerschool.bcpsk12.net>
2. On the left margin, select **Class Registration**.
3. Please read the instructions under each subject heading.
4. Click the pencil icon to the right of the screen next to each subject area you will take next year.
5. Select one credit of **English** (two semesters of Eng. 12 or one year-long AP English)
6. Select the **Math** or Math-related course you have discussed with your current math teacher.
7. Select up to two **Social Studies** courses if you have not yet met this requirement.
8. Select one required **Science** course if you have not yet met this requirement or wish to take a 4th year science course.
9. Select your **elective** credits.
10. Select **two alternate credits** (These can be combinations of year-long or several semester courses).
11. Once you have a total of 6 credits and 2 alternate credits, please click the submit option at the bottom of the page.

Recommendations:

If you plan to take KCTC for the first time or Dual Enrollment, please schedule 6 credits and 2 alternates at this time. See your counselor for applications. Once enrollment is finalized, your counselor will work with you to update your schedule requests. If you are a returning KCTC student, you will be able to enter KCTC under miscellaneous courses.
