

Class of 2028 Scheduling Instructions

1. Log into your Powerschool account <https://powerschool.bcpsk12.net>
2. On the left margin, select **Class Registration**.
3. Please read the instructions under each subject heading.
4. Click the pencil icon to the right of the screen next to each subject area you will take next year.
5. Select one **English** course.
6. Select up to two **Social Studies** courses.
7. Select one required **Science** course. Remember, all students must take a Physics course, Biology and Chemistry.
8. Select your **two elective credits**.
9. Select **two alternate credits** (These can be combinations of year-long or several semester courses).
10. Once you have a total of 5 credits and 2 alternate credits, please click the submit option at the bottom of the page.

NOTE:

Your **math** class will be chosen by your current math teacher. Once your math class is entered by the counseling staff, you will have 6 classes.

Recommendations: If you plan to take KCTC or Dual Enrollment, please schedule 5 credits and 2 alternates at this time. See your counselor for applications. Once enrollment is finalized, your counselor will work with you to update your schedule requests.
